EXPERIENCE

Podcast Intern January 2023 - April 2023
Saggio Technology Indianapolis, IN

- Co-hosted and collaborated on research topics about internship search and technology to promote awareness to students.
- Recorded, edited, posted, and came up with captions for the videos to then be posted on LinkedIn and Youtube.

Peer Mentor January 2021 - August 2023
Upward Bound, IU Indianapolis Indianapolis, IN

- Coached and mentored 10-15 students through monthly meetings to support them with their academic success by providing campus resources, academic and time management strategies, and university tools.
- Maintained accurate and detailed records on each student to build strong and trusting relationships with mentees.
- Supported workshops by assisting students with their registration, directing students to their assigned locations, and assisting with clean up.

PROJECTS

The Pitch Summer 2022

Techpoint Indianapolis, IN

- Collaborated with a team of five in an esports competition, engaging with over 60+ students, to develop and pitch a concept aimed at boosting engagement. The objective was to brainstorm and prototype a website to promote awareness and attract more female esports members.
- Independently crafted three comprehensive wireframes using Figma for the final website prototype presented to the judge.

Eventsy Spring 2022
Luddy School of Informatics, Computing, and Engineering Indianapolis, IN

- Integrated the prototype by creating the website using html, scss, and javascript.
- Used Visual Code Studio to create the website.
